

TRAINING OPPORTUNITY - "Introduction to Cyber Warfare" (CISL-CYB-100) 4 CLP

TARGET AUDIENCE: NAVAIR Civilian/military workforce in acquisition coded positions, no contractors at this time

DATES & TIMES:

Thurs, 12 November (0730 - 1130)

Thurs, 12 November (1230 - 1630)

LOCATION: AVIAN LLC 22111 Three Notch Road Lexington Park, MD 20653

DESCRIPTION: This unclassified course will introduce students to cyber warfare definitions, types of cyber-attacks, tools, countermeasures, and best practices used to detect, deter, and defend against cyber-incidents, as well as current threats to operations and assets, individuals, and the nation. Increased awareness of the need to design and employ effective risk-based processes and technologies will help ensure that all NAVAIR's information systems and the Navy's aviation weapons systems (business and platform IT) have the necessary resilience built in to support ongoing capabilities to the warfighter and enforce national security policies.

REGISTRATION: Please register through NAVAIRU CISL at <https://navairu.navair.navy.mil>

NOTE: You must create your profile to register. To register for an account, after you go to the site, you will see at the top of the page on the left a link to register. After registration, select the CLASSES tab and type CISL-CYB-100 in the "Search" space. Select Search tab. Register for the date you would like to attend by selecting "Register".
